## SAILOR® 55 FLEET+

## High performance and high-quality communications at sea

## SAILOR. Thrane \& Thrane

#### Abstract

SAILOR 55 Fleet+ offers high-speed and costeffective communication in a compact package. With top-quality voice, e-mail and Internet it provides ocean-going vessels with all modern communication options throughout any voyage.

## Voice, fax and data

The SAILOR 55 Fleet+ terminal acts as a hub for all your communication needs. With the I4 extended coverage of the Inmarsat Fleet service, the SAILOR 55 Fleet+ delivers high-quality communications throughout the entire global beam area. The unique MPDS service enables vessels to stay online continuously for convenient access to the Internet, e-mail and file transfer applications. By implementing third party equipment it is also possible to do crew calling. The system is simple to configure via user-friendly software on a standard PC.

## Full flexibility

The compact and light antenna unit and the low power consumption of the SAILOR 55 Fleet+ makes it well suited for vessels, coast guards, yachts and fishing boats. The SAILOR 55 Fleet+ provides vessel owners with full flexibility to connect a broad range of communications equipment, supporting up to seven handsets enabling on board internal calls between different locations on the ship.

## Cost-efficient data transfer

In addition to the MPDS service, the SAILOR 55 Fleet+ also offers 64 kbps data transfer via ISDN. With MPDS (Mobile Packet Data Service) you are charged for the amount of data you send or receive. With ISDN charges are per minute.

MPDS is the most economic and convenient solution for e-mail, small file transfer, LAN, VPN and Internet. ISDN provides a high capacity channel with a constant data stream and is usually preferable for up- or downloading large files.

## Important features

- Internet and e-mail
- Voice and fax
- Choose between MPDS or ISDN
- Up to 64 kbps data (spot beam coverage)
- Global coverage, $78^{\circ}$ north to $78^{\circ}$ south

## Specifications

## Inmarsat Fleet55 approved.

Compliant to FCC, title 47 part 25, section 25.216.
Compliant to RTTE, CE Marked.

Frequency Band

| Rx: | $1525.0-1559.0 \mathrm{MHz}$ |
| :--- | :--- |
| Tx: | $1626.5-1660.5 \mathrm{MHz}$ |
| Ch. spacing: | $1.25 \mathrm{kHz}-\mathrm{Rx}$. |

## Recommended Antenna Cable

| Cable loss max/min: | $4 / 20 \mathrm{~dB}$ at $1,62 \mathrm{Ghz}$ and 4 ohm DC loop resistance |
| :---: | :---: |
| RG-223 | Min $7 \mathrm{~m} / \mathrm{Max} 25 \mathrm{~m}$ |
| RG214 - FRNC | Min $12 \mathrm{~m} / \mathrm{Max} 50 \mathrm{~m}$ |
| S10162B11 | Min $30 \mathrm{~m} / \mathrm{Max} 140 \mathrm{~m}$ |
| RG 1/2" 50 | Min $45 \mathrm{~m} / \mathrm{Max} 170 \mathrm{~m}$ |
| Global Service |  |
| Voice: | 4.8 kbps mini-M voice |
| Spot Beam Services |  |
| Voice : | 3,1 kHz Audio 64 kbps |
| Group 3 fax capability: | 9.6 kbps |
| Data: | 64 kbps UDI |
| MPDS: | 64 kbps shared channel |
| Antenna Connector |  |
| $50 \Omega \mathrm{~N}$ female for transceiver |  |

## Interface

2 RJ-11 for analog telephone/fax
2 ISDN RJ-45
1 ISDN terminal block ( 4 wire)
2 DSUB-9 RS-232 Port, 115 kbps
1 Power Port, 11-32 VDC input
1 On/Off button
1 RS422 terminal block ( 4 wire)
1 USB connector
1 RS-422, terminal block ( 4 wire)
1 NMEA input, terminal block (2 wire)
1 USB connector
$150 \Omega \mathrm{~N}$ female for antenna

Environmental Conditions
Storage

Operational temperature
Below Deck Unit:
Above Deck Unit:
Relative humidity:
$-30^{\circ} \mathrm{C}$ to $+70^{\circ} \mathrm{C}$
$0^{\circ} \mathrm{C}$ to $+45^{\circ} \mathrm{C}$
$-25^{\circ} \mathrm{C}$ to $+55^{\circ} \mathrm{C}$
$95 \%$ non-condensing at $+40^{\circ} \mathrm{C}$

Sealing Class

| Below Deck Unit: | IP30 |
| :--- | :--- |
| Above Deck Unit: | IP66 |
|  |  |
| Ship Motions | $+/-30 \mathrm{deg}$ |
| Roll: | $+/-10 \mathrm{deg}$ |
| Pitch: | $+/-8 \mathrm{deg}$ |
| Yaw: | $+/-6 \mathrm{deg} / \mathrm{s}$ |
| Turning Rate: | 30 knots |
| Headway: |  |

Telephone Functionallity

| Number storage: | 10 last dialled |
| :--- | :--- |
| Address book: | 99 short numbers |
| Secure communications: | STU IIB / STU III (optional) |
| Message indication: | Fax \& data |
|  |  |
| Dimensions and Weight |  |
| Above Deck Unit: | $60 \times \emptyset 63 \mathrm{~cm}, 16 \mathrm{~kg}$ |
| Below Deck Unit: | $8 \times 18 \times 31 \mathrm{~cm}, 3 \mathrm{~kg}$ |
| Handset: | $53 \times 150 \times 25 \mathrm{~mm}, 125 \mathrm{~g}$ |
| Cradle: | $69 \times 172 \times 38 \mathrm{~mm}, 170 \mathrm{~g}$ |
| Handset cable length, spiral: | 3 m (stretched) |

## Power Supply and Consumption

## 11-32 VDC

40 W receive/idle, 110 W transmitt
